A NOTE FROM THE EDITOR:
Congratulations to the
2014 Candidates.

I wish the best for you as you
continue to grow in your education.
Remember, as this chapter ends,
the book isn't quite finished;
there's more to be written,
just turn the page.

With peace and prayers and hope
—Reneé Snodgrass

a year to celebrate

From Our Director

Dear friends of Rubanda Solidarity,
 Welcome to our Rubanda Solidarity School. For more than 10 years, Rubanda Solidarity school has served the Rubanda community and our nation; offering quality education, faith filled, intellectually stimulating and sensitive to equal opportunities of education for both boy and girl child. In each year and in every step we have learned from our failures and built upon our successes. Throughout all these years we have set up a strong foundation for the goal we have **to keep on until it's accomplished.**

Our vision of a better life through the provision of quality education for both boy and girl child alike, is our guide. Rubanda Solidarity was designed to build a strong foundation for children into their future through quality education from its very inception. In general, our goal touches every aspect of our school; from the nutrition, expansion and improvement of our facilities. We strive to expand students programs including, E-Kindle Readers, partnering with other organizations and schools, nurturing sponsorships, offering life skills, expanding service opportunities through new initiatives like the formation of Yamba Abaana to strengthen both local and international support and Alumni to keep us connected with each other. Rubanda Solidarity is founded for and with local community support and has to continue to cherish and strengthen this partnership to keep true to its original intention and also continue to lay foundations for the abundant potentials for its future expansion and sustainability.

Our plan will take us to the future where we continue to navigate for the good of our children and a better community. From what has been achieved, we are very confident that greater things are yet to be done. Thank you for standing with us throughout our ten years. We look forward to working alongside with you throughout the coming years that will in the end make a huge difference in the lives of our children and Rubanda community.

Thank you for all of your support. May the Lord bless you and your families throughout this year and always.

From Teacher Joy Kesande

Special greetings to you from the Nursery teachers and students. **It's our pleasure to let you know** that Rubanda Solidarity School runs an education program of both Nursery and Primary curricula. We would like to thank Rev. Fr. Dominic, Coordinator, Donors and all our friends for the good work done to design and support these programs in order to uplift the life conditions of our people. Working hard to raise the standards of our school will eventually make a huge impact to the vulnerable children and the entire community.

The nursery section runs through a circle of three years (Baby, Middle and Top classes). In the Baby class we have twenty three children (23); The Middle class has twenty eight children (28); and The Top class has thirty four (34).

For this year 2014, we have thirty four (34) graduates from nursery to primary school. Of those children eighteen are boys and sixteen are girls. This is a huge success in our efforts and objectives of the school to strive to balance gender equality in a community that is predominately male sensitive.

I thank the parents for treasuring our quality education program and bringing their children to our school to learn to fight illiteracy, in-equality and poverty. On Dec. 6, 2014, the Top class students graduated from nursery to primary section. This is their normal schedule for the end of the academic year to the long vacation of Christmas.

You are most welcome to join us celebrate the first step of these kids to academic degrees, an activity that highly motivates them to the future.

Please once again accept our many greetings from the four nursery school teachers who enjoy their work with the kids.

God bless.
Kesande Joy
Deputy nursery section.
